102/04 /22/WP	<p>Discussion: The Working Party has gone through the NDP in a detailed manner. The conclusion reached is that there is nothing fundamentally wrong with the NDP. Overall it was agreed that it is fit for purpose and the development boundary should remain where it is. However, there are some areas that would benefit from a change to the wording, to bring the NDP up to date. The Working Party all agreed that it would be beneficial to add a supplement to the NDP to include the updated wording for some of the sections.</p>	
103/04 /22/WP	<p>Secondly it was agreed that in order for the villages to survive, the issue of affordable housing needs to be addressed so that youngsters are able to stay in the area/move to the area to ensure the area and its community thrives.</p>	
104/04 /22/WP	<p>The Framework:</p>	
105/04 /22/WP	<p>It was agreed that, as part of the review process, members of the public, and particularly those who have already been in contact with the Working Party, should all be allowed to have their say on the NDP and the review.</p>
